To Whom It May Concern:

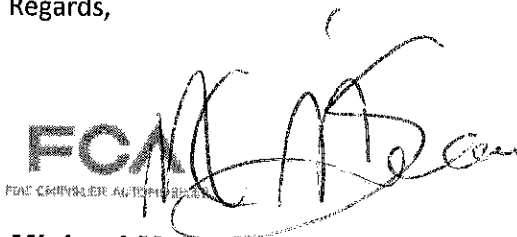

It is with great joy I recommend to you Eric Le Fort. Eric has worked as a material handler at the Brampton Assembly Plant for me during the summer of 2015. Eric showed up promptly every day with a positive attitude, and if Fiat Chrysler Automobiles were hiring, I would have hired him on full time.

During Eric's time with FCA he developed many intangibles including being part of a team, working with and alongside a diverse work force and contributing in the production of award winning automobiles. What I learned and experienced while supervising Eric was his reliability and ability to learn and master new skills. Eric also never missed a day while working for FCA which showed me his commitment to this organization, and the pride he had while working for FCA.

Eric has shown fellow colleagues and I, that he has the characteristics needed to be valuable asset to this organization. Without any doubt, I'm confident Eric will be an asset to any organization he joins going forward.

If you'd like to reach me, I can be contacted.

Regards,

The image shows a handwritten signature in black ink over the FCA logo. The signature is written in a cursive style and appears to read "Michael Maisonneuve". The FCA logo is partially visible on the left side of the signature.
